

EOD Training Kit Offer!

Throw away the buzzers...it just got real!

We've combined the most popular IED training gear for EOD units into one case that immediately takes your training to the next level!

Just add an inert IED (we have those too) and...

TRAIN THEM LIKE THEY'LL FIGHT!

(1) X-OHW Blast Simulator

(1) X-MIT Remote Control

(1) X-CAP Receiver

(2) X-CAP Transmitters

(4) "Mini-IFIED" IED Circuit Boards

X-CAP Receiver & X-CAP Transmitters

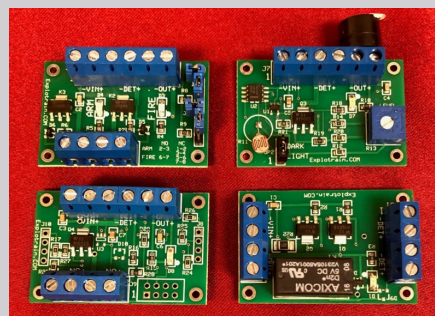

- X-CAP Transmitter replaces the blasting cap in (inert) IEDs
- Wirelessly sends firing signal to X-CAP Receiver that fires the X-OHW
- Eliminates wires and buzzers that are "not in play"

X-OHW Blast Simulator

- 1-person portable
- Easily concealed
- Wireless firing
- Quick fill-fire time
- Adjustable 90-120 dB

Mini-IFIED Printed Circuit Boards

- Dual Collapsing Circuit
- Normally Open / Normally Closed Circuit
- Dual SCR Circuit
- Photo-cell (LDR) Circuit

X-MIT

- Arms & fires X-OHW
- 400+ meter range
- Waterproof
- Can control up to (4) simulators
