

XC-APLM™ ANTI PERSONNEL LANDMINE SIMULATOR KIT

Victim operated device that simulates the sound of a landmine when triggered. Small and easily concealed. Visual effects powders can be added to simulate the dust and or smoke produced by actual devices. Utilizes the XC-CO₂™ base unit that operates off disposable 12-gram CO₂ cartridges and burst discs.¹

This kit consists of:

- (6) XC-APLM
- (50) 12gm CO₂ cartridges
- (50) Burst Disks
- (50) Ounces of Visual FX Powder

¹ All Explotrain® LLC Battlefield Effects Simulators have an option for New Equipment Training (NET) to enable the user to maximize training effectiveness.
